# Restart Kits for Refugees

## Thank you!

Thank you for your interest in donating items to help set up homes for refugees! Most refugees arrive in the US with next to nothing; you can help them rebuild their lives by putting together a Restart Kit.

Putting together Restart Kits is also a great way to involve your friends, work teams or small groups!

- **Please purchase new items** so these kits will bring honor to refugees coming to Corvallis and reflect their dignity.
- **Place the items in a clear plastic tub** that can close, and label the top of the container with the Restart Kit name.
- Include a hand written, unsealed note welcoming the family.
- **Kit must be complete.** We are not able to accept individual items from kits.
- Tape larger items to top of kit if they don't fit inside.
- **Drop off a CFR office.** If we our out please drop in the carport.

## **Good Neighbor Teams**

## What is a Good Neighbor Team?

A team of 5 - 10 people who walk alongside one refugee family (New Neighbors) to offer friendship, hospitality and community connection over the course of one year.

#### **Good Neighbor Team Vision:**

For every New Neighbor to be met with friendship and community from the moment they arrive, which will empower them to thrive in the Corvallis community.

#### What activities will my Good Neighbor Team be a part of?

## In the first week:

- Provide Restart Kits (i.e., kitchen, bathroom, bedroom, etc.) that provide household items to set up the home for the New Neighbor family.
- Purchase grocery items to stock the fridge for the first few days after arrival (a culturally specific list will be provided.)
- Meet the New Neighbor family at the airport as they arrive.
- Help with the initial set up of their new home by moving furniture and making the space welcoming.

#### In the first month:

- Take the family grocery shopping.
- Take the New Neighbor family to access key community services, such as: the food bank; Vina Moses (clothing); The Bicycle Collective (free bike for each family member); etc.

#### Ongoing for up to a year:

- Train the New Neighbor family how to ride the bus to appointments and outings and ride the bus with them as they are learning.
- Meet with the New Neighbor family once a week for a meal, coffee, tea, or dessert (invite them to your home or visit them in their home).
- Introduce the New Neighbor family to American holidays.
- Give them a tour of Corvallis and take them to experience recreational resources near them (parks, library, restaurants, and other events in the city).
- Continually learn about the New Neighbor's culture and language.
- Introduce the New Neighbor family to others in the community.
- Share your experience as a Good Neighbor Team with the community, so others might be interested in joining a Good Neighbor Team!

**DATE:** October 24, 2023

**TO:** Benton County Board of Commissioners

**FROM:** Ryan Vogt, Executive Director

RE: OCWCOG Benton County Updates

## **Community and Economic Development Updates**

## **Transportation**

## Corvallis Area Metropolitan Planning Organization (CAMPO)

- The CAMPO office is now housed in the new Oregon Cascades West Council of Governments (OCWCOG) building at 1121 NW Ninth Street in Corvallis.
- CAMPO applied for \$1.5 million in transportation improvement grants from the state's
  Carbon Reduction Program on behalf of its members something that members did not
  have the capacity to do. \$1.2 million will pay for a holistic planning study for the Corvallis
  to Albany Multiuse path, unlocking further funding by bringing the project to "shovelready" status. Additionally, CAMPO has applied for a specialized electric street sweeper
  for the remainder of the funding, which fills a key gap in the infrastructure maintenance
  plan of its members. Staff estimate that there is a high probability of success for these
  grants.
- CAMPO has performed its duties as a Metropolitan Planning Organization by publishing its triannual Transportation Improvement Program (TIP). The plan coordinates transportation spending between members, state transportation managers, and federal funders.
- Staff volunteered at Corvallis Open Streets, which included deploying bicycle count equipment to understand event attendance.
- The 2024-2027 Metropolitan Transportation Improvement Plan was approved by the governor and began October 1, 2023.

#### OCWCOG Receives \$2.4 Million Grant for Mobility Hubs

- The Oregon Transportation Commission approved the recommendation of the Public Transportation Advisory Committee to fund the construction of the Linn Benton Community College (LBCC) and Oregon State University (OSU) Mobility Hubs.
- The OSU Mobility Hub will be located on SW Jefferson Way near McNary Hall and will
  offer well-lit waiting areas, secure bike parking, and will serve multiple transit agencies
  across the region.
- Construction is on track to begin in the summer of 2024.

#### Cascades West Ride Line

• Between May and August 2023, Cascades West Ride Line provided 30,358 trips to residents of Benton County and 9,584 reimbursements for mileage, meals, and lodging.

#### Cascades West Transportation Options

• Staff held the Get There Challenge on October 1<sup>st</sup> through 15<sup>th</sup>, where workplace teams competed for great local and state prizes by telecommuting or traveling to work via foot, bicycle, or bus!

## **Planning**

### <u>Cascades West Economic Development District (CWEDD)</u>

- OCWCOG continues to serve our rural communities. We actively participate in the Regional Solutions Team meetings and visit our rural communities to hear about their pressing infrastructure needs.
- The Childcare Working Group is helping market the Growing Care program to our region. This program provides training for in-home childcare and offers up to \$15,000 grants.
- OCWCOG has been called into the discussion around Innovation Hubs. Venn
  Collaborative was hired to complete Phase 1 of Business Oregon's Innovation Hub
  program. CWEDD will most likely be selected as the governing model for our four-county
  Economic Development District (EDD) to apply for Phase 2 of the Innovation Hub. This
  would position the EDD to add traded sector business and entrepreneurship as a focus
  to our next Comprehensive Economic Development Strategy (CEDS).
- The Broadband Feasibility Study has been completed by Solarity. Benton County has a
  total of 1,736 identified Broadband Serviceable Locations (BSL) according to the FCC
  Fabric map, which will be used in identifying the areas eligible for BEAD funding, along
  with other grants. There are 641 unserved (no service or lacking up to 25/3mbps) and
  1,095 underserved locations (speed ranges from 25/3mbps to 100/20mbs, which is the
  new minimum speed designation).

#### Linn and Benton Brownfields Grants

- The U.S. Environmental Protection Agency (EPA) selected 7 Oregon projects to receive brownfields funding to expedite the assessment and cleanup of multiple brownfield sites in the state. Oregon Cascades West Council of Governments is the recipient of \$1 million in brownfield funds to support various projects in Linn and Benton Counties. We expect to sign the cooperative in the month of October.
- One site has been identified in Benton County to date and is located in South Corvallis along Highway 99, bounded by Marys River and Willamette River.

## Lending

#### Cascade West Business Lending

- We were recently awarded \$1,000,000 from the Business Oregon Community Lender Loan Loss Reserve Program. This program will assist us in getting much needed capital into the hands of small businesses that may not qualify for conventional lending. This includes accessibility of capital for SEDIs and SEDI-owned businesses in our region.
- A loan was approved for KL JAMCO LLC, a locksmith company in Corvallis, to purchase an additional locksmith company in Albany. Citizens Bank declined the loan based only

on the cash flow of the existing business. Lending staff was able to get the loan approved based on the new companies' debt service coverage, which was very good. This is a great opportunity for them to expand their footprint and hire additional staff.

## Senior, Disability, and Community Services Updates

## **Senior and Disability Services**

### Adult Protective Services

 Adult Protective Services (APS) data continues to show higher numbers of referrals/ complaints that remain consistent with numbers experienced in 2022, which are 29% increase in overall complaints received at the beginning of the pandemic in 2019.

## **Community Services Programs**

### OCWCOG offers Behavioral Activation intervention to Local Seniors

- OCWCOG, together with the Older Adult Behavioral Health Initiative (OAHBI), is currently piloting a virtual six-week course with local seniors from Linn and Benton Counties.
- As an evidence-based depression treatment approach, Behavioral Activation has been found effective for the alleviation of overt depressive symptoms. In a clinical setting, Behavioral Activation is considered a 3rd wave treatment, utilized after medication and

- Cognitive Behavioral Therapy (CBT) have been attempted and failed to provide adequate support.
- The Tele-BA for homebound older adults is delivered via videoconferencing by both OCWCOG staff and OAHBI specialists in a virtual group setting to ensure professional, real-time sessions with group camaraderie, as well as individualized follow-up coaching. At the end of the final session, an estimated 80% of participants will report successful goal completion and improved mood.

## **Benton County Veteran Service Office**

## **Claims Filed and Appointments Filled**

From July – September 2023, a total of 46 claims were filed with the Benton County Veteran Service Office. These claims included new claims issued, reopening of previously denied issues, applying for VA healthcare, and appealing claims to the Board of Veterans Appeals. A total of 39 intent to file claims were filed. While these are not considered claims, they are an important placeholder for the veteran's potential claim.

#### **Outreach and Presentations**

- 2<sup>nd</sup> Wednesday of each month at Monroe Community Center
- Monthly visits to Oregon State University/Linn Benton Community College
- Created connections in Alpine, Kings Valley, Blodgett, Alsea, and Bellfountain
- 8/19/2023 Corvallis Farmer's Market
- 9/11/2023 National Day of Service at Jackson Frazier Wetland
- 9/14/2023 Linn Benton Veteran's Stand Down
- 8/26/2023 Oregon State University's Bridge to Success

## **Training and Networking**

- Oregon Department of Veterans Affairs (ODVA) training was attended by Alicia Lucke on August 7<sup>th</sup> and 8<sup>th</sup> Veteran Service Officer Ian Briggs September 11<sup>th</sup> through 15<sup>th</sup>.
- ODVA Quarterly training was attended by all VSOs virtually on August 16<sup>th</sup>.

## **Corvallis Office Location Change**

- The Benton County Veteran Service Office is open by appointment only in the new Corvallis OCWCOG office building located at 1121 NW Ninth Street.
- This location will soon house Senior and Disability Services, giving veterans streamlined access to more services available to them.

#### FY2023-2024 Indirect Cost Calculations based on OAR 333-012-0053

A number of protections exist in state rule to cap what costs may be passed on by the health department in setting fees:

 ${\tt OAR~33-012-0053(5)~(b)}~\textit{Administrative costs must be limited to 15 percent of direct costs}.$ 

OAR 333-012-0050(2) also defines (a) "Administrative Costs" means those costs that are over the direct costs of providing delegated program services. These include actual departmental, agency or central government charges such as, but not limited to, accounting, purchasing, human resources, data management, legal counsel and central mail functions[1];

OAR 333-012-0050(2) (f) provides clear guidance on what can be charged as direct costs, "Direct Costs" mean those costs for salaries and benefits of field and support staff and their associated costs including, but not limited to, rent, vehicles and travel, equipment, data management, training, phone, office supplies and the pro-rated portion of direct costs relating to supervision;

Full Cost Recovery Model: Using full cost recovery model the total percent of administrative cost exceeds the 15% allowable under OAR 333-012-0053.

## BEFORE THE BOARD OF COMMISSIONERS FOR THE STATE OF OREGON, FOR THE COUNTY OF BENTON

In the Matter of Amending	)	
Benton County Code Ch. 9	)	<b>Ordinance No. 2023-0321</b>
	)	

THE BENTON COUNTY BOARD OF COMMISSIONERS HEREBY ORDAIN AS FOLLOWS:

WHEREAS, wild or exotic animals used in traveling animal displays suffer severe and extended confinement, are deprived of natural movements, free exercise, and natural behaviors, and are prone to chronic stress, behavioral, health, and psychological problems; and

WHEREAS, constant travel, temporary and collapsible facilities, and prolonged confinement and physical coercion are inherently part of traveling animal displays, and these conditions subject wild or exotic animals to chronic stress that compromises their welfare while also creating risks for the public and workers;

WHEREAS, the itinerant nature of traveling animal displays using wild or exotic animals complicates oversight such that agencies and authorities cannot properly monitor, evaluate, or follow through regarding the condition of animals or facilities, or their history of injuries, incidents, illnesses, violations, or other issues, and so cannot properly protect animals, workers, or the public;

WHEREAS, the use of wild or exotic animals for entertainment contributes to the trade of these animals by perpetuating their breeding and sale; and

WHEREAS, Benton County deems it is in the public interest to prevent animal cruelty by prohibiting traveling animal displays that include wild or exotic animals for public entertainment or amusement within the County.

NOW, THEREFORE, the Board of Commissioners of Benton County ordain as follows:

#### I. Short Title.

1. This ordinance shall be known as "Amendment to Benton County Code Chapter 9"

#### II. Text Amendment.

2. Benton County Code Chapter 9 is hereby amended as described in the attached Exhibit A.

This Ordinance shall become effective on the 19th day of January, 2023.

#### Exhibit "A"

Benton County Code Chapter 9.805 shall be amended as follows:

**9.805 DEFINITIONS.** As used in BCC Chapter 9, Section 8:

- (1) **Animal Display** means any exhibition, fair, act, circus, ride, trade show, carnival, race, parade, or similar undertaking in which a wild or exotic animal is required to perform tricks, give rides, fight or participate as accompaniments for the purpose of entertainment, amusement, or benefit of a live audience, whether or not a fee is charged.
- (2) **Mobile or Traveling Housing Facility** means any transporting vehicle such as a truck, trailer or railway car, used to transport or house wild or exotic animals while traveling for an animal display.
- (3) **Traveling Animal Display** means any animal display in which wild or exotic animals are transported to, from or in between locations in a mobile or traveling housing facility, for the purpose of such animal display. This shall not include the transportation of a wild or exotic animal between United States Department of Agriculture licensed sanctuaries and zoos for the purpose of providing lifetime care.
- (4) **Wild or Exotic Animal** means any live animals <u>listed below-from any of the following scientific classifications</u>, including any hybrid of such animal. The animals listed in parentheses are intended as examples and not to be construed as an exhaustive list, or limit the generality of each group of animals, unless otherwise specified:
  - (a) Hippopotamuses, giraffes, camels, deer, antelope, and chevrotains;
  - (b) Alligators, crocodiles and camans;
  - (c) Sharks, skates, rays and lemon sharks;
  - (d) Elephants;
  - (e) Tigers, lions, jaguars, leopards, panthers, cheetahs, cougars, lynx, bobcat, ocelot, margay, Fisher cats, and European wild cats but excluding domestic cats;

### **Overview**

### Purpose/Rationale:

Timely and accurate communications with honesty, openness, and empathy are critical for serving Benton County residents. County messages to community, staff, media, and partners should be consistent, accurate, relevant, culturally and linguistically appropriate, and provided with courtesy and professionalism.

#### Scope:

This policy and corresponding procedures apply to all Benton County employees, regardless of their department. Elected officials are not bound by this policy, although they are encouraged to use this policy as a guideline. Individual departments may have additional guidelines specific to their program areas, but departmental guidelines must be at least as stringent as this countywide policy.

#### Failure to Comply:

Failure to comply with this policy and associated policies, standards, guidelines, and procedures may result in disciplinary action up to and including dismissal from County service for employees or termination of contracts for contractors, partners, consultants, and other entities. Legal action also may be taken for violations of applicable regulations and laws.

#### **Policy Owner:**

**Public Information Officer** 

#### **Policy**

#### 1. Media Relations and Strategic Communication Policy Guidelines

- a. Scope of Communications Responsibilities
   The Public Information Officer (PIO) conveys the official County position on issues of general countywide impact or significance.
- b. The PIO develops internal and external communications plans.
- c. The PIO is responsible for managing media relations, major campaigns and crisis communications; and develops print collateral and web materials on behalf of Benton County.
- d. The PIO may assist in department communications projects, initiatives and proofing and development of County publications to ensure consistent and coordinated messages.
- e. The PIO will conduct media outreach for increased transparency to inform the public and highlight County programs and achievements.

### 2. Representation of County Positions and Personal Opinions

- a. Benton County must maintain consistent and coherent messaging regarding operations, decisions and other issues that impact Benton County.
  - b. County employees, when acting in their official capacity as a County

employee, may only submit a letter to the editor or opinion piece to a print or electronic media forum that has been approved in advance by the Department Director and Public Information Officer.

- c. The PIO will notify the Board of Commissioners and other Department Directors and employees as necessary when an employee's content will be featured in the media.
- d. When commenting on County issues as private community members, employees should not use County-issued electronic devices (including email accounts), appear in a County uniforms or vehicles, or comment during the employee's work hours. Further, employees should state that they are "offering a personal view and not speaking on behalf of Benton County." Employees should notify their supervisor and the PIO if there are concerns and portions of the comment will be portrayed as speaking on behalf of the County.
- e. Failure to adhere to these provisions may be grounds for disciplinary action.

#### 3. Disclosure Exemptions

- a. Unless approved by Benton County Legal Counsel, employees shall not disclose or provide to any person, records or information contained in records that are exempt from disclosure under ORS 192.501, ORS 192.502 or any other state or federal public records statute.
- b. Employees shall not disclose or provide to any person records, materials or information contained in such materials that are distributed in executive session (ORS 192.660) unless the information is not exempt from disclosure.
- c. Employees shall not disclose to any person the substance of discussions held in executive session.
- d. Benton County employees should refer all inquiries regarding legal issues, personnel matters and County emergencies or crises to the Department Director or County Counsel for further action, unless authorized to speak

on a particular issue.

#### 4. Emergency and Crisis Notification

- a. Communications regarding all crisis and emergency situations are to be coordinated by the PIO in consultation with the County Administrator and appropriate Department Director(s), where reasonable.
- b. Employees should immediately call 911 in an emergency and seek personal safety for themselves and others.
- c. All crisis and emergency matters should be reported immediately to the Department Director who then will inform the County Administrator and PIO.
- d. The County Administrator or PIO will notify the Board of Commissioners and other officials as necessary.
- e. Notifications to vulnerable populations will follow the guidance of the County's Emergency Operations Plan Public Information 4.6 Access and Functional Needs Populations, and the Vulnerable Populations Annex to the County's Emergency Operations Plan.

#### 5. Media Inquiries/ Requests for Interviews

- a. Departments are to identify spokespeople who are authorized to speak on behalf of their departments. This may be the Department Director, or any other person designated by the director or PIO. Designated spokespeople should have attended a media training seminar, offered by the Public Information Officer or through an outside, approved, media training agency, prior to being designated a spokesperson.
- County employees authorized as spokespeople are the subject-matter experts regarding services and may respond directly to requests from the media regarding their specific projects or professional expertise.
- c. Employees are to notify their Department Director and the PIO either before responding or immediately after contact.

- i. Elected officials may designate a spokesperson to speak on their behalf, particularly if immediate response for a criminal case is necessary. While not bound by this policy, elected officials and their designees are encouraged to use this policy as a guideline for media inquiries and requests for interviews.
- d. Employees are to coordinate with the PIO in advance of speaking with the media when:
  - i. The employee has not completed media training
  - ii. The topic is controversial or sensitive in nature.
  - iii. The employee is not the appropriate source for the reporter's request.
  - iv. The employee is uncomfortable handling the request for information.
- e. Employees and Department Directors are encouraged to work with the PIO to coordinate media inquiries.

#### 6. Media Contacts

- a. All contact with the media should be handled professionally and in a coordinated manner with respect to deadline considerations, confidentiality requirements, and organizational needs.
- b. All contact from media should be returned as soon as possible, with effort to meet reporters' deadlines when reasonably possible.
- c. Benton County will respond to media inquiries using the following schedule when the County PIO, or other designated communication staff, are aware of the inquiry (designated staff include Health Department communications staff, BOC Communications Coordinator, and BCSO communications staff):
  - i. Requests on a Friday after 1 p.m.: Response will be no later than the following Monday at 12 p.m.

- ii. Requests before 1 p.m. on business days (not related to Board of Commissioners meetings): Response will be no later than 5 p.m. the same day.
- iii. Requests after 1 p.m. on business days: Response will be nolater than 12 p.m. the next day.
- iv. Requests on Tuesdays related to Board of Commissioners meetings: Requests after 1 p.m. on Tuesday (related to the Board of Commissioners Meeting only: Response will be no later than 5 p.m. the same day.
- v. Requests on Holidays: Response no later than 12 p.m. the next-business day.
- d.c. Benton County employees will be honest, fair, and helpful to all media.
  - i. Benton County employees are encouraged to share important information and success-with media.
  - ii. Benton County employees must coordinate with their Department Director and PIO before reaching out to media.
  - iii. Benton County employees are encouraged to coordinate with PIO to have PIO reach out to media.
- e.d. All Benton County Employees including Department Directors should send media inquiries to PIO for coordination when there is no specific or simple response in queries that require additional coordination, with the following exceptions:
  - i. County Commissioners, County Counsel and County Administrator are encouraged to work with the PIO to coordinate complex inquiries that may require support from multiple subject matter experts.
  - ii. The Benton County Health Department is required to inform the Benton County PIO of all media inquiries but is not required to coordinate with the PIO.

- e. The PIO will conduct media outreach for increased transparency to inform the public and highlight County programs and achievements.

#### 2. Representation of County Positions and Personal Opinions

- Benton County must maintain consistent and coherent messaging regarding operations, decisions and other issues that impact Benton County.
- b. County employees, when acting in their official capacity as a County

- employee, may only submit a letter to the editor or opinion piece to a print or electronic media forum that has been approved in advance by the Department Director and Public Information Officer.
- c. The PIO will notify the Board of Commissioners and other Department Directors and employees as necessary when an employee's content will be featured in the media.
- d. When commenting on County issues as private community members, employees should not use County-issued electronic devices (including email accounts), appear in a County uniforms or vehicles, or comment during the employee's work hours. Further, employees should state that they are "offering a personal view and not speaking on behalf of Benton County." Employees should notify their supervisor and the PIO if there are concerns and portions of the comment will be portrayed as speaking on behalf of the County.
- e. Failure to adhere to these provisions may be grounds for disciplinary action.

#### 3. Disclosure Exemptions

- a. Unless approved by Benton County Legal Counsel, employees shall not disclose or provide to any person, records or information contained in records that are exempt from disclosure under ORS 192.501, ORS 192.502 or any other state or federal public records statute.
- Employees shall not disclose or provide to any person records, materials or information contained in such materials that are distributed in executive session (ORS 192.660) unless the information is not exempt from disclosure.
- c. Employees shall not disclose to any person the substance of discussions held in executive session.
- d. Benton County employees should refer all inquiries regarding legal issues, personnel matters and County emergencies or crises to the Department Director or County Counsel for further action, unless authorized to speak

on a particular issue.

#### 4. Emergency and Crisis Notification

- a. Communications regarding all crisis and emergency situations are to be coordinated by the PIO in consultation with the County Administrator and appropriate Department Director(s), where reasonable.
- b. Employees should immediately call 911 in an emergency and seek personal safety for themselves and others.
- All crisis and emergency matters should be reported immediately to the Department Director who then will inform the County Administrator and PIO.
- d. The County Administrator or PIO will notify the Board of Commissioners and other officials as necessary.
- e. Notifications to vulnerable populations will follow the guidance of the County's Emergency Operations Plan Public Information 4.6 Access and Functional Needs Populations, and the Vulnerable Populations Annex to the County's Emergency Operations Plan.

#### 5. Media Inquiries/ Requests for Interviews

- a. Departments are to identify spokespeople who are authorized to speak on behalf of their departments. This may be the Department Director, or any other person designated by the director or PIO. Designated spokespeople should have attended a media training seminar, offered by the Public Information Officer or through an outside, approved, media training agency, prior to being designated a spokesperson.
- County employees authorized as spokespeople are the subject-matter experts regarding services and may respond directly to requests from the media regarding their specific projects or professional expertise.
- c. Employees are to notify their Department Director and the PIO either before responding or immediately after contact.

- Elected officials may designate a spokesperson to speak on their behalf, particularly if immediate response for a criminal case is necessary. While not bound by this policy, elected officials and their designees are encouraged to use this policy as a guideline for media inquiries and requests for interviews.
- d. Employees are to coordinate with the PIO in advance of speaking with the media when:
  - i. The employee has not completed media training.
  - ii. The topic is controversial or sensitive in nature.
  - iii. The employee is not the appropriate source for the reporter's request.
  - iv. The employee is uncomfortable handling the request for information.
- e. Employees and Department Directors are encouraged to work with the PIO to coordinate media inquiries.

#### 6. Media Contacts

- a. All contact with the media should be handled professionally and in a coordinated manner with respect to deadline considerations, confidentiality requirements, and organizational needs.
- b. All contact from media should be returned as soon as possible, with effort to meet reporters' deadlines when reasonably possible.
- c. Benton County will respond to media inquiries using the following schedule when the County PIO, or other designated communication staff, are aware of the inquiry (designated staff include Health Department communications staff, BOC Communications Coordinator, and BCSO communications staff):
  - Requests on a Friday after 1 p.m.: Response will be no later than the following Monday at 12 p.m.

- ii. Requests before 1 p.m. on business days (not related to Board of Commissioners meetings): Response will be no later than 5 p.m. the same day.
- iii. Requests after 1 p.m. on business days: Response will be no later than 12 p.m. the next day.
- iv. Requests on Tuesdays related to Board of Commissioners meetings: Requests after 1 p.m. on Tuesday (related to the Board of Commissioners Meeting only: Response will be no later than 5 p.m. the same day.
- v. Requests on Holidays: Response no later than 12 p.m. the next business day.
- d. Benton County employees will be honest, fair, and helpful to all media.
  - i. Benton County employees are encouraged to share important information and success with media.
  - ii. Benton County employees must coordinate with their Department Director and PIO before reaching out to media.
  - iii. Benton County employees are encouraged to coordinate with PIO to have PIO reach out to media.
- e. All Benton County Employees including Department Directors should send media inquiries to PIO for coordination when there is no specific or simple response in queries that require additional coordination, with the following exceptions:
  - County Commissioners, County Counsel and County Administrator are encouraged to work with the PIO to coordinate complex inquiries that may require support from multiple subject matter experts.
  - ii. The Benton County Health Department is required to inform the Benton County PIO of all media inquiries but is not required to coordinate with the PIO.

- iii. The Benton County Sheriff's Office is not required to inform the PIO of all inquiries.
  - Benton County Sheriff's Office Employees must inform County Administrator and PIO when inquires have an impact on the County beyond law enforcement.
- iv. The Benton County District Attorney's Office is not required to inform the PIO of all inquiries.
  - The Benton County District Attorney's Office Employees must inform County Administrator and PIO when inquiries have an impact on the County beyond the DAO.
- v. Benton County Commissioners are not required to inform the PIO of all inquiries.
  - Benton County Commissioners must inform County Administrator and PIO when inquiries impact County business.
  - When commenting on County business from an individual commissioner's perspective, and not approved by the entire Board, individual commissioners should be clear they are offering a personal view and not speaking on behalf of Benton County.
- b. The PIO will provide talking points, interview prep, scheduling assistance, and coordinate with other departments, organizations, etc. upon request.
- c. Media partners are expected to give Benton County leaders and subject matter experts reasonable time to prepare for interviews.
  - All Benton County Employees and Elected Officials should report misinformation, disinformation, and errors in fact in media reports to PIO.

- PIO or another designee as assigned by the PIO will notify media outlets when misinformation, disinformation, or errors in fact, are identified and ask for a correction, or for the information to be removed.
- ii. County Department Directors, County Counsel, County Administrator, Elected Officials, BoC Communications Coordinator, Health Department Communications Coordinator, and BCSO Sheriff's Office may notify media when misinformation, disinformation, or errors in fact, are identified and ask for a correction, or for the information to be removed.
  - All other County employees must coordinate with PIO, and PIO will respond to the media.
- d. The Benton County PIO, County Administrator and County Commissioners, Sheriff, District Attorney, and all other employees (employees must coordinate with PIO and County Administrator first) reserve the right to refuse interviews for a variety of reasons including:
  - i. Media refuses to give a general framework about the interview.
  - ii. The County does not have the right person to comment on the topic that the reporter has requested.
  - iii. The interview topic would violate any legal matters, employee privacy, or litigation.
  - iv. Media or journalists are coming at a story with an angle without a willingness to be objective.
  - v. Media requestor has consistently shared inaccurate information, misinformation, or disinformation.
  - vi. If the decision is made to refuse an interview request, the County will do so politely, and truthfully and provide an opportunity to change this

position in the future.

- Media inquiries that require substantial time to gather detailed information may be forwarded to County Counsel or PIO.
- f. Responses will be truthful; employees should make sure they understand each question from the journalist before answering and make sure the journalist understands the response, and confirm the journalist understands the response.
- g. County employees also should refrain from using the phrase "no comment." If the answer to a question is not known, say so and follow up with additional information once that unknown information is obtained.
- h. Gossip and speculation are to be strictly avoided when communicating with members of the media.
- County employees should have no expectation that anything communicated to a reporter is "off the record."
- j. County employees should share telephone and email contact information with the reporter for follow-up questions.
- k. Refrain from all speculation, conjecture, etc. Opinions can be provided by elected officials.
- Department Directors, the County Administrator and the PIO should all be notified prior to meetings with news editors or editorial boards of any news organizations.

#### 7. News Releases

- a. News releases are to be coordinated through the PIO in accordance with individual department policy.
- b. County employees should coordinate news releases with the PIO
   2-4 weeks in advance of media distribution when possible.
- c. Should breaking news, emergency notifications or other

immediate needs arise, County employees should contact the appropriate departmental supervisor and PIO immediately for assistance.

- d. An approved news release format can be obtained through the Public Information intranet ("The B.E.E.") web section.
- All news releases will include contact information for a County contact who is immediately available to media on the release date.
- f. Departments are responsible for notifying community partners or agencies mentioned in news releases, when reasonable.
- g. All news releases will undergo editorial review by the PIO.
- h. All news releases will be written in Associated Press style, in accordance with the latest available AP Style Guide.

#### 8. News Conferences

- a. News conferences are used to announce and answer questions about major happenings and breaking news impacting Benton County. It is vital that these are well-run, function smoothly and provide a service to the news media in attendance.
- b. Departments should plan media conferences with the PIO.
- c. Departments will notify the County Administrator and PIO of their plans to hold news conferences prior to scheduling and announcing the media event.
- d. The County Administrator and PIO will notify the Board of Commissioners and other Department Directors or County Counsel as necessary.
- e. The PIO will assist departments with news conference planning, speech writing, talking points, developing an agenda/program,

preparing news releases/media kits and other event details.

#### 9. Countywide Emails

- a. Countywide emails represent an important tool for internal communications among employees and must be used appropriately to maintain their informational value.
- Countywide emails are intended to keep employees informed and may include emergency communications, computer maintenance or other support system updates.
- c. County events, engagement opportunities, countywide initiatives, communications from County leaders or announcements related to trainings will be posted on the intranet ("The B.E.E."), and may be distributed via countywide email.
- d. Events and opportunities hosted by other agencies may be made available to employees via the intranet ("The B.E.E.").
- e. Employees may not use countywide email for personal purposes such as charity fund-raisers, causes, etc., but that information can be posted on a designated portion of the intranet ("The B.E.E."), at the discretion of the PIO or County Administrator.

#### 10. County Branding

- a. Benton County should establish and maintain a positive and consistent brand across its diverse operations.
- b. It is every Department's responsibility to follow established brand and style guidelines for print and web marketing and promotional materials, made available to employees via the Public Information intranet ("The B.E.E.") web section.
- c. The official Benton County logo shall be used on all internal and external materials for distribution. Department logos are official

County logos.

#### 11. Awareness and Outreach Campaigns

- a. Awareness and Outreach campaigns must maintain a consistent County brand and be cognizant of overall organizational goals and sensibilities.
- b. Departments will inform the PIO prior to launching any major marketing campaign or outreach initiative.
- c. Awareness and Outreach campaigns and outreach initiatives must be coordinated professionally and thoughtfully.
- d. Continual education efforts that are ongoing as part of Department or program responsibilities are to be overseen by the Department Director, in consultation or partnership with the PIO.
- e. Consent and Usage Agreements
  - i. Benton County must secure the consent of those whose image, voice, likeness or name will be used in photos, videos, collateral materials and other images that represent or promote Benton County. Benton County must require usage agreements or licenses on all materials used in County marketing, communications or advertising materials. Materials requiring usage agreements or licenses include but are not limited to: Creative Commons-licensed files; images obtained on social media platforms; and, commercially licensed images, audio files, videos, graphics.

#### 12. Advertising

- All paid advertising should convey a consistent and positive image of Benton County government and its services.
- b. Official Benton County logos can be obtained on the Public Information intranet ("The B.E.E.") web section. 111.2.12.2 All advertising for County programs and services will identify the

County program or service with the words "Benton County" and an official Benton County logo.

#### 13. Collateral Materials

- a. All awareness and outreach materials should convey a consistent and positive image of Benton County government and its services.
- b. Departments will develop materials (brochures, annual reports, newsletters, banners, flyers, signs, etc.) as needed to support their communication goals and outreach efforts, in consultation with the PIO and use Benton County brand guidelines.
- c. All print or electronic promotional materials will include an official Benton County logo and the name "Benton County," unless otherwise specified by the PIO.
- d. The PIO is available to assist departments in managing material development as needed, and will have final approval over materials before they are distributed.

#### 14. Consent

- a. Benton County must secure the consent of those under the age of 18 whose image or name will be used in photos, videos, collateral materials and other images that represent or promote Benton County.
- b. Photos taken in public of those over the age of 18 -- which is considered any place where people have no reasonable expectation of privacy -- can be used for outreach without getting permission first.
  - Patients at Benton County Health Clinics have a reasonable expectation of privacy and cannot be filmed or photographed without consent.

c. Benton County uses photos, videos, collateral material, and other images that represent Benton County for awareness and outreach only, not for profit.

ORS 311.392 allows the county, at the discretion of the governing body, to advance to certain municipalities the total amount of taxes, assessments, or other charges levied against property in the county. This advance comes from the general fund of the county.

Page 108 of 173

This year, we are advancing taxes to all districts with net levies of less than \$16,000. Last year we advanced taxes to all districts with net levies of less than \$15.000.

The amount advanced to the municipalities is added to Benton County's levy and is subsequently collected and distributed to Benton County along with its own levy. This is a normal procedure that occurs every year. Generally, the same districts are involved year after year.

#### Item Issues and Description

# Identified Salient

During the 2023-25 budget process, the Benton County Budget Committee was provided with information that expressed concerns around the ongoing financial viability of the External Fleet Program. While the recommended budget for the program was in balance, it was contingent upon public works staff (mechanics) meeting specific levels of billable hours at a defined hourly rate. These billable hours had not traditionally been met due to a variety of factors; however, some remedies were put in place to help make improvements.

Due to these concerns, the following budget note was adopted:

Beginning September 1, 2023, the Public Works Department in partnership with the Financial Services Department will provide monthly reports to the Board of Commissioners at their goal setting meeting on the financial status of the external fleet program. This report will provide information on both the surplus/deficit of the program, as well as if the proposed solution outlined in the 2023-25 budget is working.

#### Options \*

County staff is presenting the first report in accordance with the 2023-25 External Fleet Program Budget Note. The delay in submission is due to recent transition with county administration, as well as making sure there is enough financial data to provide an adequate sampling of the current financial picture for the program.

The summary of the report is as follows:

- \* In 2019-21, the external fleet program had a loss of \$465,065 to the County Enterprise Fund. This deficit was offset with County ARPA Funds approved by the Board of Commissioners at the beginning of the 2021-23 biennium.
- \* For 2021-23, the final accounting records disclose a \$595,865 deficit to the program. The Financial Services Department will be presenting a budget supplement to the BOC in December that will likely require some level of General Fund reserves to balance this deficit.
- \* The 2023-25 budget included some changes meant to improve the financial condition of the program. This included the addition of a new mechanic to help enhance our ability to meet billable hour targets, increase rates for the 2023-25 that are only for one year with the ability to increase on 7/1/2024, and updated expenditure projections that enable staff to more specifically divide costs between internal and external fleet.
- \* For 2023-25, Public Works staff continue to be negatively impacted by vacancies and challenges in hiring mechanics. This has limited the ability to realize some of the outcomes anticipated with increasing the number of mechanics. Additionally, based on additional investigation on the Mercury Model acquired by the County in 2020 to better forecast cost and proposed fleet revenues, it is the opinion of staff that the current configuration does not allow the external fleet program to be financially viable unless a hourly rate is charged that is well above what would be affordable to those jurisdictions being served.
- \* Through September 30, 2023, the accounting records for the external fleet program identify a \$81,076 deficit. If this trend continues, it suggests that for 2023-25, the program will end up at \$648,608 deficit. However, based on timing of certain expenses, it's likely the deficit could be greater.
- \* It is the opinion of staff that while consistent staffing will have a positive impact and improve the bottom line, the program will never be able to reach the billable

. Page  $119\ of\ 173$  hours forecasted in the Mercery Model. It would essentially require all staff to spend nearly 100% of their time on external fleet which would not enable the time to administer the County's internal fleet. The county increase rates c to reduce the financial gap, however, it would make county services unaffordable to those we are serving. Based on Public Work staff research, there is not enough community capacity to fulfill the need at a rate that fits the budgets of many we serve.

- \* The options that need to be further analyzed and considered by the BOC include the following:
- 1) Choose to continue the program as is and work to reduce future deficits with the understanding the County will need to subsize the program with General Fund or other available resources.
- 2) Discontinue the external fleet program with the recognition that this may negatively impact small jurisdiction dependent on the County's affordable service. This also result in some increase to internal fleet rates due to fixed costs no longer charged to the external fleet program.
- 3) Consider an alternative model that may be more fiscally viable that is either a smaller focused program (perhaps just on small jurisdictions), or a larger more regionalized program that would likely require coordination and partnership with other governmental entities.
- \* Staff are proposing to return to the BOC at the January goal setting to provide further information on options to consider.

Fiscal Impact\* Yes

**Fiscal Impact** Both the previous 21-23 program deficit, and potential 2023-25 deficit will require Description \* BOC action to identify revenues that will fill the gap.

# **2023-25 BUDGET NOTE REPORT**

EXTERNAL FLEET PROGRAM

# 2023-25 BUDGET NOTE: EXTERNAL FLEET PROGRAM

Beginning September 1, 2023, the Public Works Department in partnership with the Financial Services Department will provide monthly reports to the Board of Commissioners at their goal setting meeting on the financial status of the external fleet program. This report will provide information on both the surplus/deficit of the program, as well as if the proposed solution outlined in the 2023-25 budget is working.

# **BACKGROUND**

- Benton County administers its fleet program through the Public Works Department. The program administers and maintains the county's
  internal fleet, as well as provides vehicle services to other external governmental organizations.
- The internal fleet program is funded through a set assessment fee paid by each Department for the vehicles it uses, while the external fleet program is funded by fees for services and part paid by external parties.
- Cost for each program is generated by the specific time public works staff spend for each program, cost for services and parts that can be identified to a specific program, and a prorate of fixed cost that is attributed to direct work hours.
- Prior to the 2019-21 biennium, internal and external fleet were collectively maintained under one Internal Service Fund. This was corrected to appropriate account for internal fleet under an Internal Service Fund, and external fleet under an Enterprise Fund.
- During the first biennium of separation, the Enterprise Fund for the external fleet had a loss of \$465,065 which the county backfilled with American Rescue Plan Act Funds. Much of this loss was reported as due to reduced revenues and time loss brought on by COVID.
- In 2020, the County invested in a new product (Mercury Model) to better forecast assessments and rates for both fleet programs. This was implemented for the 2021-23 biennium.

# 2021-23 BUDGET RESULTS

The 2021-23 biennium resulted in a \$595,865 deficit for the biennium. The reasons for this deficit are as follows:

- The Mercury Model rates for the external fleet program were established on the basis of hours worked by each mechanic that would have required to spend 100% of their time on external program hours. (zero time on internal fleet).
- The model should have more accurately reflected the number of hours worked that would have been more in line with 65% of their actual time spent on external fleet.
- If this would have been put into the model it would nearly doubled the rate that needed to be charged around \$200 per hour as opposed to the \$132 per hour. This rate would have been well above market rates and unaffordable to those the County serves.
- The 2021-23 deficit will be addressed in an upcoming budget supplement and will require the County to identify unbudgeted resources to backfill the gap.

# **2023-25 POLICY PACKAGE REQUEST**

### Policy Package PW-03: Addressing External Fleet Financial Solvency

**Request:** Provides for the creation of 1.00 FTE Fleet Technician II to increase the opportunity to reach the billable hours needs to ensure financial solvency for the external fleet program. Also establishes a \$150,000 operating contingency to mitigate the risk of not meeting the forecasted hours

Requested Amount: \$432,412 including 1.00 FTE

**Recommended Amount:** \$432,412 including 1.00 FTE (Requires analysis of impact on recent increased rates)

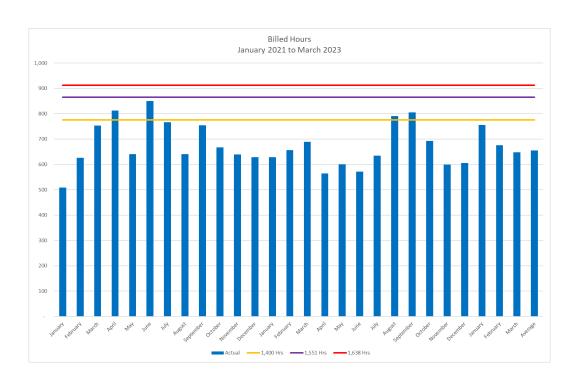

Source: External Fleet Fund, Transfer from General Fund, and Internal Service Fund (Internal Rates)

Basis for Estimate: Financial Services position pricing calculator, and Mercury fleet costing model.

**Outcome:** Provides increased support to address current external fleet workload resulting in increased billable hours for financial solvency. Creates a reserve should billable hours continue to fall below the necessary number of hours needed to balance revenues with expenses.

RECOMMENDATION: PW-03 was recommended as proposed to provide an opportunity for external fleet service to gain financial solvency. It is recommended this program be continuously reviewed by Board to ensure it is meeting financial goals.

# **2023-25 POLICY PACKAGE REQUEST**

#### Explanation of \$150,000 General Fund Reserve

- Graph depicts the number of Fleet billed hours per month (blue) through March 2023.
- To achieve sufficient revenue to cover cost, billable hours must average the purple line.
- Additional 1.00 FTE is anticipated to enable Fleet to meet this threshold.
- Financial Services forecasts, based on history, would suggest billable hour will reach yellow line.
- The gap between purple and yellow represent the \$150,000 reserve to help mitigate risk.
- Other alternative would be to raise hourly rates higher than what we have to date, but this could have a negative impact on customers.

# **2023-25 UPDATES AND RESULTS**

- The deficiency in the Mercury Model was identified after the adoption of the 2023-25 budget. In recalibrating the model to reflect the appropriate target billable hours for staff, it would suggest that they are actual overperforming.
- Unfortunately, this recalibration would also require a rate of \$208 per hour versus our current approved \$143 per hour (market rate average is approximately \$155 per hour).
- Based on actuals through September 30, 2023, the program is running at a deficit of \$81,076 which if continues to trend would equate to a \$648,608 deficit.
- The program has continued to be hampered by vacancies and staff lost time by its mechanic positions. Of the 7.2 FTE dedicated, there is currently 2.0 FTE vacancies and a future retirement.
- It is anticipated that if the program can quickly recruit and hire for vacancies, it will likely reduce the estimated \$648,608 deficit based on the trending. However, if the rate is maintained at \$143 per hour, it is certain that the program will end up in a deficit in excess of what has been reserved.

# **RECOMMENDED NEXT STEP**

Staff recommend that program options be presented to the BOC in January 2024 that include the following:

- 1. Choose to continue the program as is and work to reduce future deficits with the understanding the County will need to subsize the program with General Fund or other available resources.
- 2. Discontinue the external fleet program with the recognition that this may negatively impact small jurisdiction dependent on the County's affordable service. This also result in some increase to internal fleet rates due to fixed costs no longer charged to the external fleet program.
- 3. Consider an alternative model that may be more fiscally viable that is either a smaller focused program (perhaps just on small jurisdictions), or a larger more regionalized program that would likely require coordination and partnership with other governmental entities.

# Identified Salient Issues \*

During the 2023-25 budget process, the Benton County Budget Committee was provided with information that expressed concerns with forecasted revenues for the Community Health Centers. While the forecast was supported by the Executive Director and was recommended based on research conducted with members of the CHC Data and Analysis Team, the projections were well in excess of what the 2021-23 budget was trending. As a result of these concerns, it was recommended that the CHC and Financial Services Department report out to the BOC on the status of the revenue projections and overall financial viability of the CHC for the 2023-25 budget. Additionally, staff was directed to also work on secondary plans to balance the budget should the forecasted budget not materialize.

Due to these concerns, the following budget note was adopted:

No later than September 1, 2023, the Community Health Center (CHC) in partnership with the Financial Services Department (FSD) will provide a recommendation to the Board of Commissioners on how programs and services will be reduced or eliminated should the proposed revenue calibration proposed in the 2023-25 budget not meet its projection. Additionally, the CHC and FSD will provide monthly reports starting September 1, 2023, regarding the current progress on the proposed revenue recalibration.

The delay in submission is due to recent transition with both county and CHC administration, as well as making sure there is enough financial data to provide an adequate sampling of the current financial situation.

The summary of the report is as follows:

- \* The 2023-25 Adopted Budget for the Community Health Centers, including Behavioral Health Services from the Health Department, is \$69.5 million.
- \* The beginning cash position for the CHC after taking out dedicated funds for HB 4004 is \$1,321,345, of which \$321,218 is for Linn County Clinics and \$1,000,127 is for Benton County Clinics attributed to Behavioral Health Services.
- \* The adopted budget was supported by a revenue projection of \$24.3 million from Behavioral Health grants and services charges, and \$45.2 million from grants and services related to core business services within the CHC (primary care, dental, pharmacy, family planning, behaviorist service).
- \* Based on the first three months of accounting information, it would suggest the biennial revenues for the Community Health Centers is trending at a rate that will reach only 76.8% of that which was forecasted. In terms of expenditures, it is forecasted that it will reach 87.6% of what was budgeted.
- \* The cash balance based on the 9/30/23 accounting records, after adjusting out cash that remain for HB 4004, is at a negative \$79,074.
- \* If what is forecasted materializes, the 2023-25 will be approximately 12.3% short of balancing.
- \* While there have been actions taken that may result in increased revenues that include renegotiating rates with OHA on specific service types, negotiating the ability to be reimbursed for navigation services, increase billing for services through new insurance providers, and pursuing additional grants, those changes will take time to make a material impact.
- \* It is the opinion of staff that while efforts will continue to help increase revenues, action must be taken in the next three months to develop and approve a plan that will look to either reduce or streamline existing services to ensure it will fit within the revenue that the CHC reasonably expects to generate in the 2023-25 biennium.
- \* Staff propose returning to the January 2024 BOC goal setting meeting to present a plan, based on updated information through December 31, 2023, that will bring the biennial budget into balance. If the forecast continues to show a shortage of 12.3%, it will likely require the reduction and perhaps elimination of services in Benton and/or Linn County.

COMMUNITY HEALTH CENTER FINANCIAL VIABILITY

# 2023-25 BUDGET NOTE: CHC FINANCIAL VIABILITY

No later than September 1, 2023, the Community Health Center (CHC) in partnership with the Financial Services Department (FSD) will provide a recommendation to the Board of Commissioners on how programs and services will be reduced or eliminated should the proposed revenue calibration proposed in the 2023-25 budget not meet its projection. Additionally, the CHC and FSD will provide monthly reports starting September 1, 2023, regarding the current progress on the proposed revenue recalibration

# **REVIEW: 2023-25 ADOPTED REBALANCE PLAN - EXPENSES**

As mentioned, the 2023-25 CSL projection for both revenues and expenses shows a forecasted deficit of \$13,404,883. In order to balance the budget it requires a combination of budgetary reductions and recalibration of structural mechanisms that efficiently and effectively leverage resources for the Community Health Center. The reduction plan is as follows:

- Application of Vacancy Factor: Based on four-year trending, the vacancy factor within the Health Center, including Behavioral Health, has experienced vacancy factors of approximately 15.5%. Because there is a recommendation to eliminate current vacant position, the recommended vacancy factor rate is 9.4% or \$3,750,000. This may require additional administrative strategies because of positions being eliminated.
- Position Eliminations: The CHC Director has identified 10.45 FTE of current vacant positions that will be eliminated. The total savings for this action is \$2,877,463 and will result in a reduction of 6.09 FTE at the Benton Health Center and 4.36 FTE at the Linn County Health Center. The impacted functional areas are as follows:
  - ✓ Primary Care Reduce 5.45 FTE
  - ✓ Family Planning Reduce 1.00 FTE
  - ✓ Behaviorist Services Reduce 1.50 FTE
  - ✓ Health Navigation Reduce 2.50 FTE

# **REVIEW: 2023-25 ADOPTED REBALANCE PLAN - REVENUES**

• Recalibration of Revenue Drivers: Staff have reviewed several revenue drivers which include contracts with CCO and State VBP contracts, additional funding opportunities, average number of patients that providers are treating daily, the percentage of claims being denied, the number of patient billing write offs, and the number of claims that could be billed against private insurance carriers. Based on that review, it is estimated that the Community Health Center can generate an additional \$6,136,712. The following represents how the additional resources will be generated, as well as the assumption made to realize the estimate.

Function	Increase	Portion
Primary Care	2,773,841	45.20%
Pharmacy	1,030,182	16.79%
Dental	640,496	10.44%
Navigation	549,757	8.96%
Behaviorist Service	120,000	1.96%
Behavioral Health	288,000	4.69%
* Family Planning	734,436	11.97%
Total	6,136,712	100.00%

<sup>\*</sup> Will require discussion with Health Department on how to provide resources

- 6% rate increase to IHN CCO reimbursement including \$40k increase in PFP agreement.
- Steadily increasing primary care provider appointment slots from 8 to 12-18 services per day.
- Steadily increasing number of assigned patients by 2,785 for a grand total of 11,292 patients.
- Enhancing mail order options and promotions for prescriptions received at CHC Pharmacy.
- Increasing patients served daily at B&GC, at school sites, at WIC sites, and at the Adult Outpatient site by approximately 45 per week.
- Negotiating Navigation contract with IHN CCO.
- Credentialing & Contracting with Commercial payers for Behavioral Health outpatient treatment services.

## **REVIEW: 2023-25 ADOPTED REBALANCE PLAN - SUMMARY**

### <u>Total Budget Savings Required - \$13,404,883</u>

Application of Vacancy Factor \$3,750,000
Position Elimination \$2,877,463
Recalibration of Revenue Drivers: \$6,136,712
POP HD-06 Dedicated Revenues \$640,708

Total Plan \$13,404,883

Implementation of plan leaves a funding balance (contingency) of \$1,224,480 of which \$640,708 is dedicated for behavioral health workforce retention and expansion.

## **CHC ADDITIONAL BUDGET ACTIONS**

- Reduction in professional service staffing contracts LOCUMS.
- Administrative restrictions on travel, training, and other material and service expenses.
- Temporary closure of the Alsea Medical Clinic.
- Identifying opportunities to streamline program services and remove unnecessary duplications
- Review all vacant positions and where appropriate, either recalibrate staff or not hire.
- Suspended Drug Court Program and reassign staff to enable additional vacancy savings opportunities

## **BUDGET RESHOOT BASED ON ACTUALS**

Budget Category	Adopted Budget	Estimated Budget *	Estimated Budget Savings	Estimated Budget Reduction
Benton County Clinic Services	\$38.5	\$34.3	(\$4.2)	11.0%
Linn County Clinic Services	\$8.3	\$5.4	(\$2.9)	35.0% **
Behavioral Health Services	\$22.7	\$21.2	(\$1.5)	6.7%
Total	\$69.5	\$60.9	(\$8.6)	12.4%

<sup>\*</sup>Estimated budget is based on actual experience through 9/30/23

<sup>\*\*</sup>Large reduction contributes to elimination of a budget fund transfer of \$2.0 million to Benton Co. Clinic

## REVENUE ANALYSIS BASED ON ACTUALS THROUGH 9/30/23

- The 2023-25 forecasted revenues are made up of an estimated \$2.4 million beginning balance and \$67.1 million in earned revenues.
- The budget anticipates a \$1.2 million contingency (or ending balance) for 2023-25.
- The actual beginning balance for 2023-25 is \$1.9 million, and the earned revenues for the biennium are estimated, based on revenue experience through September 30, 2023, to be \$51.5 million.
- Based on the first three-month actuals of the biennium, the estimated revenue forecast for 2023-25 is approximately 23.2% short of what was budgeted.
- Assuming the revised expenditure projection for revenues and expenses, it would indicate that the 2023-25 budget will be out of balance by 12.3%.

## **RECOMMENDED NEXT STEP**

Staff recommend that a plan be developed to present to the BOC in January 2024 that effectively reshoots the 2023-25 CHC budget. The plan will be based on additional experience through December 31, 2023 and provide more certainty of current estimated trends. If trending continues to hold as currently forecasted, the plan will either require a comprehensive right sizing of services, including county administrative and overhead support, to fit the forecasted revenue, or required additional county or other resources contributions.

#### Item Issues and Description

## Identified Salient

The purpose of this discussion is to gain BOC approval on proposed changes to the Home, Opportunity, Planning and Equity (HOPE) Advisory Board Bylaws and the Intergovernmental Agreement (IGA) with the City of Corvallis for Benton County Coordinated Homeless Response Office. These changes serve to align the HOPE Advisory Board Bylaws and pertinent MOU' and IGA's with the legislative requirements of House Bill 4123.

#### Background:

On October 10, 2023, the BOC directed staff to prepare changes to the HOPE Advisory Board Bylaws and the IGA to acknowledge the development of organizational components required by House Bill 4123 for formation of a Coordinated Homeless Response System. These requirements include, but are not limited to:

- -Formation of a Coordinated Homeless Response Office (CHRO) and hiring necessary support staff and establish a centralized point of contact for the office.

  --Benton County's CHRO Consists of Benton County Health Department staff (HOPE Program Coordinator, Project Manager and contract Grant Researcher and Writer) with support from the City of Corvallis and Community Services Consortium (CSC).
- -An Advisory Board with representation from the governing body from each member government and specific roles for each member government to support the advisory board and office.
- --HB 4123 requires that local governments and nonprofit corporations enter into an agreement to meet the requirements of HB 4123. Local governments entering into this agreement constitute "member" governments. Currently Benton County has entered a Memorandum of Understanding (Coordinated Homeless Response System MOU) with the Cities of Corvallis and Philomath, and Community Services Consortium (CSC).
- --Benton County's Coordinated Homeless Response System defines the roles of each member government in supporting the CHRO and the Advisory Board.
- -Support coordinated communications, public engagement and outreach for policy development.
- --Per the MOU The HOPE Advisory Board is defined as serving as a stakeholder coordination board responsible for partnership development in coordination with CHRO staff.

At the time of preparing this agenda checklist CHRO staff, in coordination with City of Corvallis staff engagement with CSC and the City of Philomath along with the HOPE Executive Committee, are preparing the requested changes and to the HOPE Advisory Board Bylaws and the pertinent IGA and MOU to reflect the components above and provide clarity on roles and responsibilities of the HOPE Advisory Board and the Executive Committee in their support of Benton County's Coordinated Homeless Response System. This coordination and engagement includes the scheduling of any required public meetings for the review of changes to the Bylaws, MOU and IGA with participating jurisdictions.

### **HOPE Bylaw Draft Amendments BOC 10\_24\_23**

#### **Benton County Homeless Response Office**

The attached amendments to the HOPE Board Bylaws (Bylaws) specifically acknowledge the development of the organizational components required by House Bill 4123 for the formation of a Benton County Coordinated Homeless Response System (System), that includes:

- Formation of a Coordinated Homeless Response Office (CHRO) and hiring necessary support staff.
- An Advisory Board with representation from the governing body from each member government and specific roles for each member government to support the advisory board and office.
- HB 4123 requires that local governments and nonprofit corporations enter into an agreement to meet the requirements of HB 4123. Local governments entering into this agreement constitute "member governments". Currently Benton County has entered a Memorandum of Understanding (HB 4123 MOU) with the Cities of Corvallis and Philomath, and Community Services Consortium (CSC).
- Support coordinated communications, public engagement and outreach for policy development.

These amendments serve to accomplish the following objectives:

- Create clear distinction between the operational and policy functions within the System.
- Formalize the formation of the Advisory Board as specifically required by HB 4123.
- Define the role of the HOPE Board within the System.
- Increase transparency of the System for improved community engagement.

Create clear distinction between the operational and policy functions within the System.

Benton County's Coordinated Homeless Response system consists of policy and operational functions.

- Operational functions undertaken by the staff in the respective chartering jurisdiction, the Coordinated Office and community network of service providers.
- Policy functions undertaken by the governing bodies of the each chartering jurisdiction and supported by general guidance from advisory boards (i.e. HOPE Board.

Providing congruency across the governing documents with clear delineation of the policy roles steering the System and the operational roles implementing the work of the System will contribute to overall efficacy and improve outcomes for the people the System serves.

Staff acknowledge that the Bylaws were drafted in the absence of the current operational resources in Benton County and that the Bylaws served as a visionary document that outlined strategic priorities with specific policy and operational components to serve as a NorthStar for the community as it moved towards a coordinated System. Staff have proposed amendments to sections of the bylaws removing duties from the HOPE Board, that are by way of the HB 4123 5-year Strategic Plan, HB 4123 MOU and IGA transferred to the other components of the System such as the chartering jurisdictions, the CHRO, and the Executive Committee. These sections of the Bylaws include:

### E. Advisory Board Responsibilities

- Assess & Review:
- Develop and Implement
- Evaluate System
- · Report and Recommend

Formalize the formation of the Advisory Board as specifically required by HB 4123.

HB 4123 requires the formation of an Advisory Board that has representation from all parties to the HB 4123 MOU. In Benton County this Advisory Board will be responsible for the adoption the HB 4123 strategic plan, serve as liaison

between the HOPE board and the Parties of the HB 4123, and provide general guidance to the CHRO. As directed by the BOC on 10/10/23, staff have proposed amendments to the Bylaws that formalize the Executive Committees the Advisory Board required by HB 4123. These sections of the Bylaws include:

- II. Structure and General Representation.
- III. HOPE Advisory Board
  - A. Composition
    - 1. Members of both the Advisory Board and the Executive Committee: Appointed by Role
    - Members from Community Stakeholder
- IV. Membership of The Executive Committee
  - A. Composition

### Define the HOPE Board's role within the System.

As described above the purpose of these amendments is to create clear distinction between the operational and policy functions within the System. The current approved version of the Bylaws assigns a wide range of functions and responsibilities to the HOPE Board and the Executive Committee that extend beyond providing policy guidance. Amendments proposed by staff empower the HOPE board and the Executive Committee by clarifying each of their specific duties and responsibilities in supporting the CHRO and the overall System. These sections of the Bylaws include:

- II. Structure and General Representation
  - Advisory Board

### Increase transparency of the System for improved community engagement.

Staff's proposed amendments to the Bylaws serve to clarify the roles and functions of each component of the System. This clarity is to improve community accessibility and engagement with the System. When the community knows what component serves what function the community and the System are better equipped to engage in informed collaboration and coordination.

In addition to the amendments described above, staff have proposed non-substantive formatting and content edits.

# BYLAWS FOR HOME, OPPORTUNITY, PLANNING AND EQUITY (HOPE) EXECUTIVE COMMITTEE AND ADVISORY BOARD

The purpose of these Bylaws ("Bylaws") is to:

- confirm the vision and principles that will guide Benton County and the Cities of Benton County ("the Parties") towards ending homelessness;
- establish the membership and responsibilities of the Home, Opportunity, Planning and Equity Advisory Board ("HOPE");
- establish HOPE's Executive Committee; and
- establish the overall scope of responsibilities of the Advisory Board and the Executive Committee, including the general limitations of their budgetary and policy-making authority.

These Bylaws will be incorporated into anthe City of Corvallis/Benton County Coordinated Homeless Response Office Funding Intergovernmental Agreement ("Coordinated Office IGA") by and among the Parties and the Coordinated Homeless Response System Memorandum of Understanding ("HB 4123") between Benton County, the cities of Corvallis and Philomath, and Community Services Consortium, as current Parties of the HB 4123 MOU. Other jurisdictions may join in the future through membership to the HB 4123 MOU. These Bylaws will be reviewed annually by the Executive Committee on a "As Needed Basis". Any material proposed changes must be authorized by the Parties by-an amendments to the Coordinated Office IGA and the HB 4123 MOU. Capitalized terms used herein without definition have the meaning ascribed to such term in the IGA.

J. VISION

Like communities throughout Oregon and the United States, homelessness in Benton County has escalated in recent years and demands a comprehensive, coordinated response from the county, cities, and diverse community partners, leaders, and persons experiencing homelessness.

#### Our vision:

Everyone in Benton County should have the opportunity to live in decent, safe, and affordable housing.

#### Our values are to:

- Use data to drive assessments, prioritization and accountability. In order to best use scarce resources, we must understand the scope of the problem, evaluate the outcomes of our investments, evaluate progress and demonstrate accountability.
- Take a comprehensive systems and multi-sector approach. Strengthen system
  capacity and increase leveraging opportunities across systems of care, such as

domestic violence, physical, mental and behavioral health, criminal justice, and housing providers. To provide a home for everyone, we must increase coordination and collaboration of service providers and strengthen efficiencies in our current system and better align our resources.

- Engage and involve the community, not just direct service providers. Policy makers
  and community stakeholders must understand the magnitude of the challenge in
  achieving the vision, the costs of not achieving the vision, and the strategies
  necessary to get there. HOPE will strive to ensure that the specific concerns and
  interests of local and county-wide stakeholders are heard and considered.
- Prioritize vulnerable populations. While homelessness can be traumatic for anyone, there are those whose health and safety is at greater risk without a safe and stable home. For example, women fleeing domestic violence, children and people with disabilities, etc.
- Promote community safety for all. This work is intended to be generally inclusive of all housing and services for people experiencing homelessness or at risk of becoming homeless in Benton County while acknowledging the limitations of funding and considering the impact on safety and livability. Hereinafter, this service scope will be referred to as Homelessness and Supportive Services System, or "System".
- Promote racial and ethnic justice. In order to ensure that our programs do not
  unintentionally favor one population over another population we will strive to
  provide culturally specific services, and use a racial equity lens across all program
  recommendations.

#### JI. STRUCTURE AND GENERAL REPRESENTATION

HOPE is the collective Advisory Board with the following structure:

- Chartering Jurisdictions Benton County and the City of Corvallis are the initial
   Chartering Jurisdictions; other cities may join in the futureparties to the HB 4123
   MOU are Chartering Jurisdictions. The Chartering Jurisdictions establish the bylaws,
   establish governance structure, have direct policy and funding authority, define
   scope of the Advisory Board and Executive Committee, provide staff support to the
   advisory board, and establish lead agency roles.
- Advisory Board The Advisory Board provides a wide array of community expertise and representation of groups working on homelessness, housing, and social determinants of health. The Advisory Board serves as liaison between the community and the Executive Committee and the Coordinated Homeless Response Office. Its responsibilities include developing a work plan with, at a minimum: goals, measurable objectives, tasks, timelines, and responsible individuals for tasks. It will conduct resources and gap analysis to help determine needs and identify evidence based practices to respond to needs. In acknowledgment of limited resources, it will also prioritize its work plan activities.
- Executive Committee The Executive Committee provides representation from all

general board members express interest in serving as co chairs, the full Board will vote on co chairs at the end of the two year term.

#### D. Attendance Policy

All HOPE Board members, including Executive Committee Members, must be able to attend meetings regularly. When emergencies happen of circumstances require that an Advisory Board member must be absent from a meeting they, Board members will will communicate notice as soon as possible with to the HOPE Coordinator CHRO staff liaison. Prior notice must be given to the HOPE Coordinator if a planned absence occurs. A board member will no longer be able to serve on the Board if they fail to participate in any scheduled Board meetings for 90 days, (full board meetings, Executive Committee meetings, and work group meetings).

#### E. Advisory Board Responsibilities Authority

The Advisory Board, with oversight by the Executive Committee, will be responsible for providing input and recommendations to the Executive Committee regarding the following: actions outlined in this section (D). Unless otherwise specified, the Advisory Board's scope of responsibilities include coordination and facilitation of a comprehensive, integrated approach to service delivery for people experiencing homelessness or at risk of becoming homeless in Benton County; consisting of intervention areas and strategies as described in the Advisory Board's work plan. HOPE will update and complete its plan by implementing the following strategies:

- Coordination and establishment of community partnerships to provide an integrated approach to service delivery for people experiencing homelessness.
- Research, education and coordination, and capacity building of community partners and the homeless response system in relation to best practices performance metrics, and state/federal funding opportunities.

Assess & Review:

- Avoid duplication of work by building upon previous planning efforts regarding homelessness including "A Ten Year Plan to Address Issues Surrounding Housing and Homelessness In Benton County" (the Plan), and the Plan update from 2017, the "2040 Thriving Communities Initiative," "Imagine Corvallis 2040," "Homelessness In Benton County" from 2017, sections related to homelessness from Benton County's "Community Health Improvement Plan," and other relevant planning documents.
- Assess and plan for a System within the County that meets the needs of homeless individuals and families while acknowledging the limitations of available resources and considering the impact on safety and livability. At a minimum, such a system encompasses the following:

- Outreach and Engagement
- Assessment
- Shelter, housing, and supportive services
- Prevention strategies
- Assist with coordination of initiatives to reduce duplication of efforts and increase coordination and collaboration to stretch resources as far as possible.
- Work with existing entity or entities that will conduct, at least biennially (i.e., every other year), a point in time count of homeless persons within Benton County participating cities, including a housing inventory of shelters, transitional housing, and permanent housing reserved for homeless persons, in general, and chronically homeless persons and veterans.
- Conduct an annual gaps analysis of the needs of homeless people, as compared to available Housing & Supportive Services within Benton County and the City of Corvallis.
- Annually assess HOPE funding from all sources and make recommendations to the Executive Committee for coordination of investments in safety net services and permanent solutions that will help "break down silos" among various systems (health; community justice, mental health, social service providers, non-profits).
- The HOPE Advisory Board will collect and consider community input as a component of information gathering. The Advisory Board will send a notification of action to representatives in Section II sectors announcing the need for community input.
- The methodology utilized for collecting this input will vary depending on the subject matter.

#### 2. Develop & Implement:

- Develop a strategic work plan which outlines goals, objectives, milestones, tasks to accomplish objectives, associated timeline for completion, responsible parties for each task, and budget estimates for each objective.
- Prioritize goals and objectives within scope of available resources for effective implementation.
- Identify new resources and develop proactive strategies to meet HOPE goals.
- Create strategies to leverage additional resources among public, philanthropic, business, faith and secular nonprofit sectors.

#### 3. Evaluate System:

- Consult with Housing & Supportive Services providers to establish performance targets appropriate for population and program type.
- Monitor performance of Housing & Supportive Services providers.

Formatted: Font: Franklin Gothic Book, 12 pt

Formatted: Font: Franklin Gothic Book, 12 pt

- Evaluate the outcomes of Housing & Supportive Services within HOPE's geographic area (Benton County, or the "Area").
- Work with Housing & Supportive Services projects that perform poorly to improve outcomes.

#### 4. Report & Recommend:

- Prepare reports for the Executive Committee to present to the governing bodies regarding outcomes and resource needs as approved by the Governing Bodies.
- Provide strategy and funding recommendations to the Executive Committee.
- Respond to requests for policy recommendations by the parties. These responses shall be provided to the Executive Committee which shall communicate them to the parties.
- Annually report to the Executive Committee which shall present the report to the
  parties regarding progress on goals, objectives, inclusion of community input
  prior to decision making, and overall accomplishments of HOPE.

#### 5. Recommendation Authority of Advisory Board

Unless otherwise designated by the Executive Committee or these Bylaws, all recommendations made by the Advisory Board must be forwarded to the Executive Committee for review. The Executive Committee, at its sole discretion, may either ratify the recommendation of the Advisory Board (in which case the recommendation stands) or reject the recommendation (in which case the recommendation is returned to the Advisory Board for further discussion and review).——The Executive Committee shall forward its recommendations to the Chartering Jurisdictions for final approval.

If, after further discussion and review, a second recommendation of the Advisory Board still conflicts with that of the Executive Committee:

 The recommendation of the Advisory Board will control when recommendations specifically focus on HOPE Program or funding or policies related to the implementation of the Plan.

The Executive Committee shall forward its recommendations to the Chartering

Jurisdictions for final approval.

#### V. MEMBERSHIP OF THE EXECUTIVE COMMITTEE

#### A. Composition

The HOPE Advisory Board shall be overseen by an Executive Committee whose membership is listed in Section III.A.1.
